# SMALL BUSINESS UNCON

WE'RE TAKING A **NONTRADITIONAL  
BUSINESS APPROACH** TO A CONFERENCE-LIKE SETTING.

Our vision is to bring small business owners within Central PA together to engage in participant-driven discussion topics. These discussions and breakout sessions are encouraged to be free-flowing so that participants can learn from each other and show off what they already know about the business world.

Our goal, by the end of the UnConference, is to leverage a new perspective and to introduce information, tools, and resources that will help guide the participating small businesses to a new level of success.
