A resource for independent shops, lodges, cafes, galleries, visitor centers and other unique retail establishments

USING THIS GUIDE

MADE LOCAL

Creative Makers: Artisans and producers across a variety of mediums, this is a chance to research the fine Trading Posts in the PA Wilds that are already selling artisan goods. This guide will help you to see which establishments might be a good fit for your product and lays out some basic contact information so that you can contact the retailer and learn more about their process for accepting new work and products.

SELL LOCAL

Retail Outlets: We've compiled our Professional Level visual, food and craft Artisans in one spot to make it easier for you to select quality PA Wilds products to stock your shelves and line the walls in your shops. This guide is organized by medium, so you can focus on the types of products that fit your retail space and your market.

Both Retailers & Producers: Don't forget to check out the Creative Industries Partners section to find contact information for those in the creative industries who might be able to help you execute a future project or help fill a business need.

Profiles, profiles, profiles! Want to learn a little more before making contact? Each member featured in this Buyer's Guide has a profile in the member directory (which also contains additional photography of their work).

To learn more go to: WildsCoPA.org/directory and select "Creative Makers Directory" to search Artisans and Creative Industries Partners or "Experience Makers Directory" to search Trading Posts.

Working together to turn obstacles into opportunities : The Wilds Are Working

Small businesses and entrepreneurs across the PA Wilds are invited to share stories, resources, and ideas they are using to get through the COVID-19 pandemic via Facebook live interviews. Our goal is to build a sense of community, raise awareness of the role of small business in rural communities, note challenges companies are facing, and share ways communities and customers can help.

There is seed funding of \$25,000 and then the paid portion of the program will depend on financial support. Volunteer participation also accepted!

The PA Wilds Center spends thousands of dollars a year buying inventory and value-added products directly from local businesses and craftspeople for its PA Wilds Conservation Shop gift shops. This creates important work opportunities in our rural landscape that help support families and communities.

When you spend locally on our commerce platforms, it allows us to spend locally on inventory, and then those businesses spend a large part of that investment locally. It's one great big reinforcing circle of goodness, and we appreciate you being part of it.
